

Theraplay Informed Workshops

Theraplay is a play-based therapeutic intervention that enhances attachments between children and their key adults.

Based on the principles and simple, structured play-based approaches of Theraplay, this free 2-hour workshop provides:

- * An overview of the core concepts of Theraplay
- * Practical activities based on the 4 dimensions of Theraplay
- * Quick and easy ways to incorporate Theraplay activities in your work

‘Theraplay encourages the kind of play between adults and children that nurtures a lifelong capacity to relate to others in harmony and joy’

Phyllis Booth - Founder of Theraplay
